

# June Monthly Specials

**NEW!!!** Universal Colorants can be used to tint/shade water based or acetone/alcohol based products!

We have the formulas to recreate any of our stock penetrating stains using these dye concentrates. Start creating any of your own formulas as well!

**ADVANTAGES:** **25% OFF!**

- ✓ Mix with water for an economical, nonflammable stain.
- ✓ Mix with alcohol for a fast drying, non-grain raising stain.
- ✓ Can be added directly to water-based and solvent finishes.
  - ✓ Available in 2 ounce and quart sizes.
  - ✓ 2 oz. bottle yields about 2 quarts of dye-stain.
  - ✓ Not for exterior use.

Concentrates are **25% off** when purchasing any **Mohawk Lacquers**.

**Let us show you a demonstration using this product!**
